

# DISTRICT DATA SUPPORT & SERVICES

## Butte County Office of Education

---

*The new era of data reporting for districts and charters drives so many facets of school business.*

*BCOE offers consulting and technical assistance services to examine Local Education Agency (LEA) data management and collaboration practice with recommended improvement solutions. The Student Information Systems Coordinator will assist LEAs with systematic approaches to understand data management concepts and effective practice to improve the quality and use of district data. BCOE will ensure districts have sufficient support to report and share accurate data.*

-

*BCOE knows LEA's  
are not always staffed  
to train employees.  
Let us do this for you!*

*We can manage annual  
CALPADS data reporting  
for small LEA's,  
including charter schools,  
or provide quality control  
for any LEA's CALPADS  
and SIS data and  
processes.*

*Committed to the success of  
every student and the  
excellence of every educator.*
